Wolseley Expo Tradeshows return in 2023

BURLINGTON, Ont. — Plumbing and HVAC/R professionals in Alberta are invited to join industry experts and leading brands from across Canada at the Delta Edmonton South on April 4th for the first Wolseley Expo Tradeshow of 2023.

Our tradeshow is an industry staple, and will feature exhibitors showcasing the latest technologies in plumbing, HVAC/R, IAQ and tool production. Guests will have an opportunity to network with industry professionals, learn about product innovation, and take part in technical training sessions.

“Attending our tradeshow is the perfect opportunity to celebrate and support the Canadian plumbing and HVAC/R sector,” said Candace Woods, Wolseley Canada’s Vice President of Marketing. “We’re excited to kick off our 2023 circuit in Edmonton, and are looking forward to bringing together the country’s best industry production experts under one roof.”

The Wolseley Expo Tradeshow originated as one flagship event in Toronto, but has since expanded to bring knowledge to customers and industry professionals nationwide. Following the Edmonton event, the 2023 circuit will also make stops in Toronto (May 11), Halifax (June 1), Vancouver (Sept. 12) and Montreal (Nov. 7).

The Edmonton Expo will be welcoming industry professionals from 2 p.m. to 7 p.m., and will feature exclusive deals available only at the tradeshow, raffle draws, training opportunities and more. You don’t want to miss this! Anyone interested in attending is asked to register at www.wolseleyexpress.com/expo
